Temperature: 22°C

11. Petter SOLBERG / Chris PATTERSON

I'm cleaning a lot of the first part of this stage. That is taking some time off for me but as long as I don't lose too much time that's the main thing. I lost some time from the jumpstart but that's how it is.

3. Mikko HIRVONEN / Jarmo LEHTINEN

The stage is really soft. I have to wait and see how fast the boys behind me are. We lost a little bit of time but it doesn't matter. It is still two stages to go for today. We hope to keep this position.

2. Sebastien OGIER / Julien INGRASSIA

It was a very rough stage but no problem. I'm close with other guys so it's good for me.

4. Jari-matti LATVALA / Miikka ANTTILA

I'm very close with Petter. It's unbelievable how close it was. The stage was very soft. There were big big ruts in some places. It was difficult to get traction in the corners but generally I'm quite happy at the moment.

7. Dani SORDO / Diego VALLEJO

I had to understeer a little bit more in this stage. The stage were really really rough. It was very difficult to follow the line. I'm surprised with times of others.

1. Sebastien LOEB / Daniel ELENA

I don't have any rhythm. I'm doing flat-out.

6. Henning SOLBERG / Ilka MINOR

The road was so bad. I'm trying my best now. I try to be flat-out everywhere.

9. Federico VILLAGRA / Jorge PEREZ COMPANC

The stage was very rutted but it went ok. I'm quite happy.

29. Jari KETOMAA / Mika STENBERG

I had a lack of confidence in my car. We did quite big changes at the service. Now the car feels much

better. I just need to do a little bit of tuning for the next stage but I'm quite happy now.

22. Martin PROKOP / Jan TOMANEK

I have some problems with the dashboard. It is showing different information from what I need but everything else is working well.

48. Patrik FLODIN / Goran BERGSTEN

The car is still feeling strong. The stage was very very rough but we were without any problems. Maybe we are going too slow but we will see how others will come in.

38. Hayden PADDON / John KENNARD

The stage was ok. It was quite rough at the first pass so we thought it would be more rough at the second pass but it wasn't too bad. The stage was cleaned off. Just dodging hole and rock.
