Special Stage: SS8 KOYKA 2  
Weather: Cloudy  
Road conditions: dry

Flash No: 8  
Distance: 3.55km  
Temperature: 22°C

---

### 1. Sebastien LOEB / Daniel ELENA

It's really difficult for me. I tried hard. I make little mistake.

### 2. Sebastien OGIER / Julien INGRASSIA

It was not easy especially second one because it was very rough.

### 3. Mikko HIRVONEN / Jarmo LEHTINEN

Good day really, difficult condition this afternoon, though. Tomorrow will be difficult. We are going to be ready for it. We will see what's going tomorrow.

### 4. Jari-matti LATVALA / Miikka ANTTILA

It looks very bad at first day. Look like scary. Fifth or sixth in the rally but I found a little problem on the first stage but I think I'm in good place.

### 5. Matthew WILSON / Scott MARTIN

I just want really experience. The car doesn't stay on the road, much ruts so. Jari-matti is pushing so hard. I have never been so comfortable in a stage like that.

### 6. Henning SOLBERG / Ilka MINOR

Car is so low. The car was always hitting the floor. There was always something wrong.

### 7. Dani SORDO / Diego VALLEJO

We are very very lucky to be here. I'm very happy to be here.

### 8. Kimi RAIKKONEN / Kaj LINDSTROM

Really difficult. But I enjoyed this afternoon.

### 9. Federico VILLAGRA / Jorge PEREZ COMPANC

Very difficult day. Many ruts second one. We are happy to be here.

**11. Petter SOLBERG / Chris PATTERSON**

Very very good about time but I'm terrible. Long tough rally but I'm happy.

**22. Martin PROKOP / Jan TOMANEK**

Nothing to lose for championship, so take a risk. But I lost some at first stage so I think nothing special for us. Stage was really difficult, so I am trying to finish and have some experience for the future.

**26. Bernardo SOUSA / Nuno RODRIGUES DA SILVA**

I was trying to push sometimes. I am not getting the time I wanted. But just always I was going to keep points. We will manage and try to do something better.

**29. Jari KETOMAA / Mika STENBERG**

I am very happy. The car was always good. I learned some for the car. The course was very rough but we are getting better all the time.

**48. Patrik FLODIN / Goran BERGSTEN**

Everything happy. Our car is working. I try to keep it. Too long day.
