

Pirelli Tyre S.p.A.

TYRE SUPPLY CONDITIONS FOR WRC EVENTS

For the event the Competitor doesn't need to order the tyres in advance because Pirelli will bring on each event the tyres for all the 4WD cars entrant, as for entry list.

Here are more details about the procedure for tyre supply on event:

- a) Pirelli will install a distribution center in the Service Park from Tuesday 9.00 a.m. to lease the tyres to all the Competitors. There each Competitor with 4WD car can buy and fit tyres (all together or after needs) up to the maximum quantity allowed into the Appendix V of 2010 WRC Regulation.
- b) Tyres may be also purchased before the event from an official agent of the tyre supplier and used on event. Such tyres must be:
 - new (unused on the road)
 - presented to the supplier at and before the rally for bar-code checking.

These tyres remain the property of the competitor.

- c) **IMPORTANT: Before fitting any tyre each Competitor needs to arrange at Pirelli office a deposit with credit card as guarantee of the quantity of tyres collected. The card must be allowed for payment on Internet (please check card limit because it could be different than in the normal use with POS). Pirelli can't fit any tyre before the deposit has made.**
- d) At the end of the event each the Competitor has to bring back to Pirelli distribution center all the new and used tyres. Pirelli will invoice only the used tyres and will arrange payment with same card used for guarantee.

PRICES:

- Each tyre **NEW (fitted and stripped only): NO CHARGE**
- Each tyre **USED: EUR 240**

Each Competitor needs to fill the **Exhibit A** attached, with details for invoicing details, and send it in advance by e-mail or fax (or bring it at Pirelli office in service park).

Before the event starts each Competitor needs to subscribe the **Event Supply Agreement**, that contains all the conditions for tyres supplying.

The Competitor can also subscribe the **Event Competitors Promotional Package** where Pirelli assign a bonus to the first three classified of each category who accepted the agreement.

Competitors only need to put Pirelli stickers on the car's bumpers and that crew wears Pirelli caps. Both agreements can be signed directly at service park before the event starts.
