14.08.25 Ver. 3.3

A.2 Itinerary compared with previous years

Comparing with 2013 event, Rally Hokkaido 2014 is introducing 1 new special stage, and changes of the stage distance of 2 SSes used in 2013.

Leg 1 consists of Leg 1A, where competitors drive SATSUNAI River for SS1, and Leg 1B, which is to be held on the Saturday. In Leg 1A, spectators who attended the ceremonial start can walk to the SS1 to enjoy the action. SATSUNAI River SS will be held as SSS, and the starting order of APRC registered crews are reverse order of their car numbers.

Leg 1B consists of PAWSE KAMUY, RIKUBETSU Long, YAM WAKKA Short and KUNNEYWA as the day's core stages. Stage layouts of PAWSE KAMUY and RIKUBETSU are the same as the previous years' ones. YAM WAKKA SHORT is a shortened from the previous year, and KUNNEYWA stage is used in the opposite direction from the 2011. Competitors drives from the RIKUBETSU to the KUNNEYWA twice, and PAWSE KAMUY 3 times, and comes back to Obihiro, where competitors drives SATSUNAI River stage to complete the Leg 1B. Services for competition cars will be provided in Rikubetsu in this year, too.

In Leg 2, OTOFUKE Reverse and HONBETSU Reverse stages, which were used last year, and NEW ASHORO Long stage, which is the longest stage of the event, are used for competition. Just like the last year's event, upon completing those stages, competitors will drive back to Obihiro to complete the SATSUNAI River stage to finish the rally. The biggest difference from the last years' event is that JRC adopts different itinerary from APRC in the afternoon of Leg.2. JRC competitors skip the 2nd loop of the stages after the SS15 OTOFUKE, and finish the event with SATSUNAI River.

2014	2013	2012	2011	2010	2009	2008	2007
