### DRIVER COMMENTS

2. Gaurav GILL

It is ok. It is a little difficult to understand the condition, and I was not so happy with the adjustment of the lights. It is ok, it is a very small stage

3. Mike YOUNG

It wasn't too bad. The worst part was probably just after the finish, it is getting quite bumpy there.

4. Hitoshi TAKAYAMA

Things are going well. I'd keep up the pace tomorrow.

5. Patrik SANDELL

It was good, it was a bit more rough than on the shakedown and it is harder to see in the dark, but I think it was ok.

6. Fan FAN

Very slippery.

8.

Dinesh DEHERAGODA

The run is ok but the last bit is a little slippery. But in general it is ok.
