LEG 1B

APRC Flash No. 4

Weather: Fine

Temperature: 16°C

Road Condition: Dry

After Stage 10 PAWSE KAMUY 2

DRIVER COMMENTS

1. Gaurav Gill

It is ok. We are trying to understand the new setup. It was good, I love this stage.

4. Robert BLOOMBERG

The car was pretty good. I didn't drive that well. I didn't get into the rhythm, I struggled a little bit. The car was really, really nice to me otherwise.

5. Yuya SUMIYAMA

Ruts are getting deeper but I could enjoy driving.

7. Fuyuhiko TAKAHASHI

I am no good in driving this stage. I have no idea how I can drive fast on this stage.

9. Satoshi IMAI

Just so-so. I am doing what I can do.

10. Eiichi IWASHITA

I am exhausted. Many things happened and I am tired.

12. Hiroshi HOSHINO

There have been no troubles and I have been able to drive quite smoothly, so I will do my best on the remaining stage for the day, and tomorrow.

14. Tomohide HASEGAWA

The road condition is getting better and better since noon, and I am doing all I can do. I love the stages here.

17. Mitsuyoshi KUROIWA

Eventually all the troubles were resolved, so I should be able to drive, but, that's it.

19. Masanobu CHIGIRA

I did not push much to see how it goes for the day today, but there has been no troubles with the car. The result was not bad, so I will keep this pace tomorrow and push where I can.
