DRIVER COMMENTS

1. Yuya SUMIYAMA

It was so dusty that I could not see the road, because of the auxiliary lights. It was dangerous.

2. Mike YOUNG

The road condition is fine, but very dusty. Lights just show dusts and I was almost went off the corner because I could not see it.

4. Atsushi MASUMURA

I was surprised that I could not see anything at all, because of the dust. I will do my best tomorrow.

5. Eiichi IWASHITA

The dust was heavier than the time of shakedown, and I could not see anything. But there is no trouble with the car, and it is just so-so.

6. Fuyuhiko TAKAHASHI

I cannot see anything because of the dust. I think I should not turn the auxiliary lights on. I was wondering how my stage time would be, but I suppose the condition is the same for everyone.

9. Tomohide HASEGAWA

I will finish the rally. Finish it to cheer Hokkaido people up for the recovery from the earthquake. I will do my best.

17. Toshihiro INOMATA

I could not push hard because I could not see anything because of the dust. However, I could still check how the car reacts to my control, and I think the car is in pretty good condition.

Rally 14-16 Sep. 2018 **Hokkaido**

19. Kosuke TAKASHINO

We could fix the problem I noticed during shakedown, and I could drive well. I think I could make a good start for the weekend.
