DRIVER COMMENTS

RC2			
1	1 st	Mike YOUNG	TOYOTA C-HR
It's very dusty, hard to see, so we took it very very easy.			
2	3 rd	Atsushi MASUMURA	MITSUBISHI LANCER EVOLUTION X
(Because of the dust) I cannot see anything at all. I will do my best tomorrow.			
3	7 th	Dewei LIN	SUBARU IMPREZA WRX STI SpecC
Everything's good but lots of dust, so we wasted a lot of time, maybe 10 seconds or so. I drove safe, because it is a first stage			
4	2 nd	Fuyuhiko TAKAHASHI	SUBARU IMPREZA WRX STI
It was so-so. I know I should push harder but it is risky, so I drove safe. I will be careful not to damage the car.			
5	6 th	Mitsuhiro AOKI	MITSUBISHI LANCER EVOLUTION X
Too thick dust and I could not see. So I drove safe. This is the first stage and we have long way to go... 。			
12	5 th	Kumiko KOIDE	MITSUBISHI LANCER EVOLUTION IX
I made a mistake. I accidentally selected 1 st gear when trying to change to 1 st .			
9	4 th	Eiichi IWASHITA	MITSUBISHI LANCER EVO IX
Because I did not run shakedown I did not know how the road surface looks like, but I could drive ok from my experience last year.			
10	8 th	Yasushi AOYAMA	SUBARU IMPREZA WRX STI SpecC
I could not see well because of dust. I thought it would not be that bad this year, so I was not careful enough.			
11	9 th	Shigeyuki KONISHI	SUBARU IMPREZA WRX STI SpecC
I can't see at all because of dust. This is my first time to run this stage so it was difficult.			
RC3			
7	1 st	Yuki KOHAMA	TOYOTA 86
I cannot see through the dust so I could not tell when the corner would appear, so it was thrilling. I could finish the rally anyway, and I will do my best again tomorrow.			
RC5			
8	1st	Nao OTAKE	TOYOTA VITZ
I cannot see anything.
