Road surface got that rough and I am glad I could come this far. I will drive carefully..

As JRC cars also ran the same stages, road surface got very rough. This stage had deep ruts and I once got my car flicked off to side by ruts. The rest 3 strages are good roads so I will enjoy driving while staying careful.			
9	3 rd	Eiichi IWASHITA	MITSUBISHI LANCER EVO IX
I got my car hit to roadside obstacles many times. I am feeling old and weaker now. But I will do my best on the rest 3 stages.			
10	4 th	Yasushi AOYAMA	SUBARU IMPREZA WRX STI SpecC
I will finish the rest 3 stages to get a good result.
